

Notice of Data Security Event

Updated August 6, 2026

Lehigh Valley Restaurant Brands is providing notice of an event that may affect certain individuals' information. While we have no indication of identity theft or fraud in relation to this event, we are providing information about the event, the response, and additional measures individuals can take to help protect their information, should they feel it appropriate to do so.

What Happened? On January 12, 2026, we learned of suspicious activity on our computer systems. In response, we took steps to verify the security of our computer network, securely restore our systems from backups, and determine what occurred. During our review of this matter, we identified that certain files were copied without permission on December 13, 2025. After identifying the files, we completed a comprehensive review to determine their contents and to whom the contents related. We also worked to identify contact information so we could let those individuals know about this matter, which was completed on or around June 10, 2026. We then arranged to provide notification to individuals whose addresses were available.

What Information Was Involved? Impacted information per individual varies, and may include individuals' Social Security numbers, driver's license numbers, financial account information, medical information, and health insurance information.

What We Are Doing. We are providing guidance about free resources that are available to assist with monitoring relevant accounts, credit reports, and how to place a fraud alert or security freeze on one's credit file. We are also offering complimentary identity monitoring services. Further, we will continue to evaluate our policies, procedures, staff training, and technical security measures to reduce the likelihood of an event like this reoccurring.

What You Can Do. We encourage you to remain vigilant against incidents of identity theft and fraud by reviewing your account statements and monitoring your free credit reports for suspicious activity and to detect errors. We also recommend you review the "Steps Individuals Can Take To Protect Personal Information" section of this notice.

For More Information. If you have questions about this matter, we established a dedicated toll-free assistance line with agents prepared to answer your questions. You may contact our toll-free dedicated assistance line at 1-855-308-7510, Monday through Friday from 8:00 a.m. through 8:00 p.m. Eastern Time. STEPS INDIVIDUALS CAN TAKE TO PROTECT PERSONAL INFORMATION

Under U.S. law, a consumer is entitled to one free credit report annually from each of the three major credit reporting bureaus, Equifax, Experian, and TransUnion. To order a free credit report, visit www.annualcreditreport.com or call, toll-free, 1-877-322-8228. Consumers may also directly contact the three major credit reporting bureaus listed below to request a free copy of their credit report.

Consumers have the right to place an initial or extended "fraud alert" on a credit file at no cost. An initial fraud alert is a 1-year alert that is placed on a consumer's credit file. Upon seeing a fraud alert display on a consumer's credit file, a business is required to take steps to verify the consumer's identity before extending new credit. If consumers are the victim of identity theft, they are entitled to an extended fraud alert, which is a fraud alert lasting seven years. Should consumers wish to place a fraud alert, please contact any of the three major credit reporting bureaus listed below.

As an alternative to a fraud alert, consumers have the right to place a "credit freeze" on a credit report, which will prohibit a credit bureau from releasing information in the credit report without the consumer's express authorization. The credit freeze is designed to prevent credit, loans, and services from being approved in a consumer's name without consent. However, consumers should be aware that using a credit freeze to take control over who gets access to the personal and financial information in their credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application they make regarding a new loan, credit, mortgage, or any other account involving the extension of

credit. Pursuant to federal law, consumers cannot be charged to place or lift a credit freeze on their credit report. To request a credit freeze, individuals may need to provide some or all of the following information:

1. Full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security number;
3. Date of birth;
4. Addresses for the prior two to five years;
5. Proof of current address, such as a current utility bill or telephone bill;
6. A legible photocopy of a government-issued identification card (state driver's license or ID card, etc.); and
7. A copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft if they are a victim of identity theft.

Should consumers wish to place a credit freeze or fraud alert, please contact the three major credit reporting bureaus listed below:

STEPS INDIVIDUALS CAN TAKE TO HELP PROTECT A MINOR DEPENDENT'S PERSONAL INFORMATION
